

CHEMIE PITCHDAY

Chemistry-related Startup Event at DECHEMA on 09.05.2017, Frankfurt a.M.

Apply now – Pitch your project to investors and the chemistry industry – Get advice and network.

Send your proposals until April 10th, 2017 to:

ChemiePitchDay@htgf.de

What we look for:

- Pre-seed to early stage projects
- Scalable business model
- Chemistry-related topics (Materials, Surface Technologies, Ind. Biotech, Internet of Things, Ind. Software, Industry 4.0)

The ChemiePitchDay will provide a platform for entrepreneurs and start-ups. Teams from academia as well as corporate R&D spin-off will be given the opportunity to present their chemistry-related projects from pre-seed to early stage to a selected audience of investors and corporate decision-makers.

Starting at 9:30 a.m. on May 9, 2017, entrepreneurs in the fields of chemistry, new materials and related processes will each give a non-confidential pitch. The HTGF chemistry network will be on hand to deliver support, providing sound advice, guidance and helpful questions.

If you wish to secure a presentation slot, please apply by email to ChemiePitchDay@htgf.de no later than April 10, 2017. We kindly ask you to include a non-confidential executive summary or presentation of your start-up. The event is free of charge.
